Total Crimes

3.73M

Recorded Crimes

Crime Rate

0.63

Crimes per 1000 People

Most Common Crime Type

Violence and sexual offences

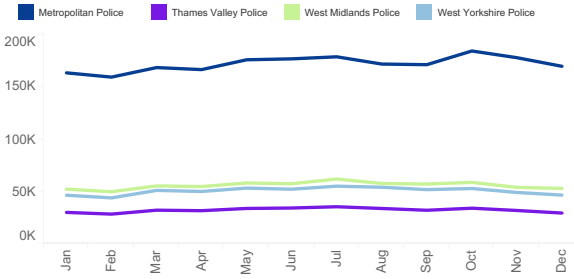

Across Recorded Crimes

Most Common Crime Outcome

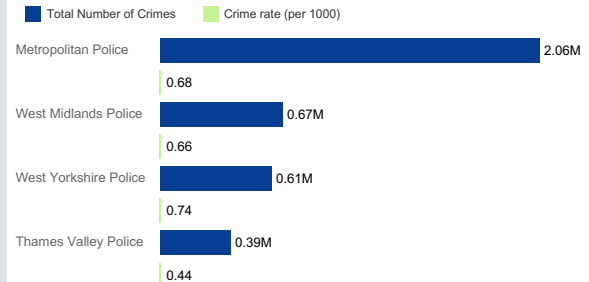

Investigation complete; no suspect identified

Across Recorded Crimes

How Does Crime Vary Across Months for Each Police Force?

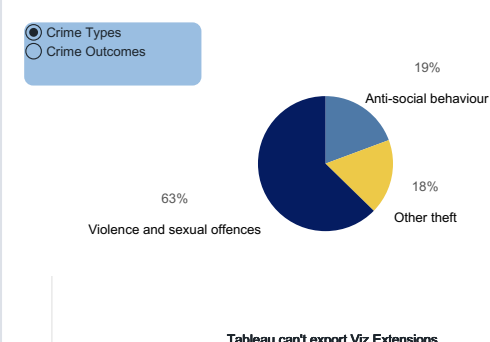

How Does Crime Rate Compare to Crime Volume Across Forces?

How are Police Forces Geographically Spread Across England?

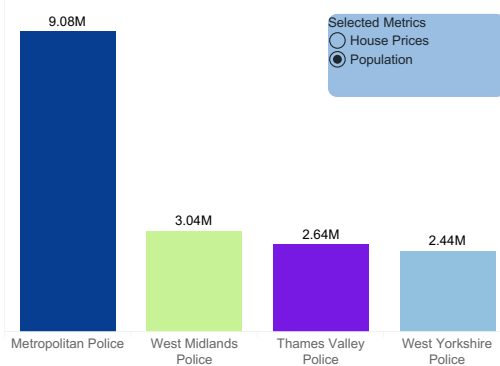

Which Crime Types Drive Significant Crime Volume?

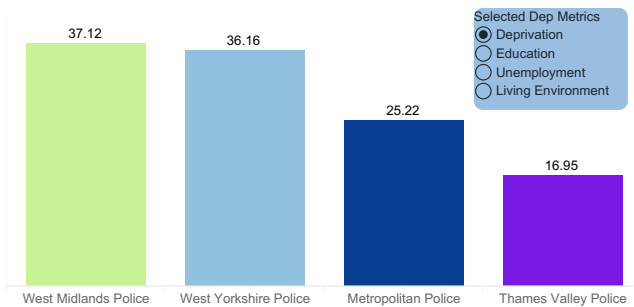

How Does Population Vary Across Police Force Areas?

House Price refers to average median values. Population refers to average total population. (2023-2025)

How Does Deprivation Vary Across Police Force Areas?

Metrics are measured as scores. A higher score suggests higher levels of deprivation.

Data Source: crime_data_exp.csv (https://github.com/teannacotey/Python_Crime_Data_Engineering_Pipeline_BI_Dashboard/blob/main/crime_data_exp.csv)

Note: Chosen date ranges are intended for the comparison between the 2023/24 Conservative and 2024/25 Labour governments. However, analysis does not define causal relationships. Further research is required.
